

RESEARCHING YOUR WORLD WAR I & II ANCESTORS

MILITARY SERVICE RECORDS:

The National Personnel Records Center, Military Personnel Records (NPRC-MPR) is the repository of millions of military personnel, health, and medical records of discharged and deceased veterans of all services during the 20th century.

Records prior to WWI are housed at the National Archives in Washington, DC.

The service member's military records (also called #201 File) also referred to as the Official Military Personnel File (OMPF) is a set of documents maintained by the United States Military. These files typically contain records describing the member's military and civilian education history.

Generally these files contain information:

Promotion Orders

Mobilization Orders

DA 1059's, Service School Academic Evaluation Reports

MOS Orders

Awards

Transcripts

DD-214 (Discharge Papers)

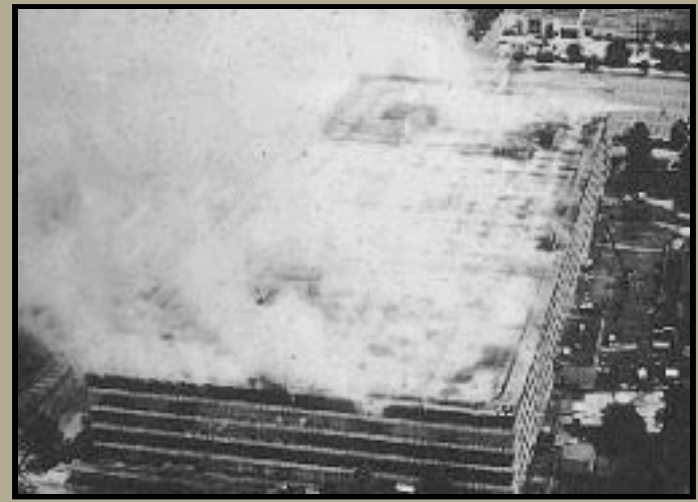

When requesting military records-send your requests to the following address:

FIRE OF 1973:

On July 12, 1973, a disastrous fire at National Personnel Record Center (NPRC) destroyed or damaged approximately 16-18 million Official Military Personnel Files.

This fire affected a large portion of military records housed at that location including:

- Army Personnel discharged November 1, 1912, to January 1, 1960 **80%**
 - Air Force Personnel discharged, September 25, 1947, to January 1, 1964 **75%**
- (Starting with names alphabetically after James E. Hubbard).

The Navy, Marines, and Coast Guard records were unaffected by the fire and therefore researchers will have no problem requesting those records.

The World War I Draft consisted of three (3) separate registrations.

1st Registration-June 5, 1917-was for men aged 21-31-men born between 6 June 1886 and 5 June 1896. (12 Questions)

2nd Registration-June 5, 1918, was for men who had turned 21 since the previous registration-men born between 6 June 1896 and 5 June 1897. (10 Questions)
Men who had not previously registered and were not already in the military also registered. In addition, a supplemental registration on August 24, 1918, was for men who turned 21 years of age since June 5, 1918.

3rd Registration-September 12, 1918, was for men aged 18-21 and 34 to 45 years of age born between 11 Sept 1872 and 12 Sept 1900. (20 Questions)

Each of the separate registrations used a slightly different version of the draft registration card. Therefore, the information included in each varies.
